FOR IMMEDIATE RELEASE
Monday, October 24, 2011

Traffic Pattern Change on Bethany Road

Lebanon, Ohio – The Bethany Road Improvements Project is still underway. Starting tomorrow afternoon, Tuesday, October 25, 2011, a new traffic pattern will take effect. Signs will be posted, as well as road blocks, to direct traffic on a temporary pavement from Butler-Warren Road (CR 2) to the bridge located just east of Pinnacle Lane. This new traffic pattern will allow traffic on Bethany Road to be maintained and will remain through spring of 2012.

For-up-to-date information on the Bethany Road project, please visit <http://www.wceo.us/>.

For more information, contact the Warren County Engineer's Office at (513) 695-3302.

About the Warren County Engineer

County Engineers in Ohio are required by law to be registered as both Professional Engineers (P.E.) and Professional Surveyors (P.S.) They are responsible for the maintenance and construction of county roads and maintenance and construction of bridges on county roads, township roads, and certain streets within municipalities. They are also responsible for maintaining land surveying records, checking the accuracy and adequacy of recorded land transfer documents, and establishing or re-establishing certain land survey monuments.
