FOR IMMEDIATE RELEASE
Tuesday, December 13, 2011

Changes in Upcoming Bethany Road Closures

Lebanon, Ohio – The construction scheduled to take place on Monday, December 19, 2011, at the bridge between Meadowbrook Drive and Pinnacle Lane will no longer require a closure. Traffic will be maintained on that day.

Two upcoming closures that have been scheduled are as follows:

Ivy Grove Lane will be closed at the intersection of Bethany Road from December 15-19. This Closure will allow for the installation of a sewer line.

Melampy Creek Lane will then be closed following the Ivy Grove Road re-opening. The Melampy Creek Lane closure will last for two (2) days. This closure will allow for work on the water utilities.

All construction and closures are weather permitting.

All detours will be posted and will utilize Mason-Montgomery Road, US 42, Mason Road, and Butler-Warren Road.

Further closures may become necessary in the future, and for-up-to-date information on the Bethany Road project, please visit <http://www.wceo.us/>.

For more information, contact the Warren County Engineer's Office at (513) 695-3302.

About the Warren County Engineer

County Engineers in Ohio are required by law to be registered as both Professional Engineers (P.E.) and Professional Surveyors (P.S.) They are responsible for the maintenance and construction of county roads and maintenance and construction of bridges on county roads, township roads, and certain streets within municipalities. They are also responsible for maintaining land surveying records, checking the accuracy and adequacy of recorded land transfer documents, and establishing or re-establishing certain land survey monuments.
