Deerfield Township Conducts Citizen and Stakeholder Survey

Deerfield Township, OH—February 9, 2011 --- Providing vital governmental services effectively and efficiently is more important than ever in today's difficult economic climate. To that end, Deerfield Township is eager to hear feedback from residents and businesses concerning the services that their tax dollars fund.

The Township is asking for its residents and businesses to take part in the 2011 Deerfield Township Stakeholder Assessment Survey. Simply log on to <http://www.surveymonkey.com/s/2011DTSTAKEHOLDERSURVEY> and in less than ten minutes, stakeholders can grade the Township on individual service areas and performance, and at the same time provide comments, perspectives and suggestions on how services may be improved. The survey is completely anonymous, and results will only be reported as percentages of the total, with anonymous comments shown by service area. Please participate today to let Deerfield Township officials know what is working, what needs improvement and what's on your mind!
